Subject: RE: Request for Full Chem Analysis

Hi Ladies,

Looks like we will be trying to take these charges out again. We need the full chemical analysis after all. I just faxed over a request.
Please let me know if you need anything else.

Thank you so much! Hope you both have a great weekend!

- Elle

No problem.

I look at the results of the samples and we should have all the standards to confirm by GC/MS.

Annie

Thanks, Annie. I'll call the DCU this afternoon. I appreciate all your help! I'll let you know what I find out too.

> To the best of my knowledge, you would need to instruct the Boston DCU to re-submit the samples back to the Lab in a timely manner. And you would also need to provide a letter either with the samples or by Fax to the lab, stating that a full chemical analysis needs to be done on these samples (Lab # [REDACTED]).
